#### SPEAKER CRISP WAS ANGRY

HIS UNJUST AND UNCALLED FOR BLAME OF THE REPUBLICANS.

THE IMPOTENT MAJORITY'S PLIGHT AS DIS-TRESSING AS EVER-HOPE OF A

that the Republican minority in that body is in no sense responsible or culpable for the embarrassments which envelop and harass the majority, and so remembering, would refrain from saying discourteous and unperliamentary things while presiding over that assemblage. Of feel annoyed, impatient and even angry on account of the failure of his party, with a majority votes, to muster a quorum after days f wasted effort, but that is no reason or excuse r his venting his distemper upon members of

the minority as he did to-day Both Mr. Boutelle and Mr. Burrows were doing, or trying to do, no more than simply and respectfully to assert their rights, as the Speaker well enough knew, and it was neither seemly nor discreet for him to fly into a passion with them because members of his own party failed or efused to vote to make a quorum. For a time he House was in great disorder and confusion, and for this its presiding officer was chiefly re-poneible, to the regret of all thoughtful and eff-respecting members, prespective of party.

and for this its presiding officer was chiefly responsible, to the regret of all thoughtful and solf-respecting members, irrespective of party. And yet they could not wholly restrain their sympathetic emotions when they thought of the party tribulations of the majority and its impotent leaders, and remembered the vicarious suffering which the Speaker is compelled to enforce as the nominal leader of a demoralized party in the House of Representatives.

The clouds seemed to be closer and more forbidding to-day than ever before. Not only was it impossible to muster a quorum, but there were strong and unmistakable indications that the Democratic revolt against the Wilson bill was spreading and gaining strength. The "sense" of last right's caucus had failed to be "persuasive," and good resolutions adopted in a whirl of on hasiasin last night had already been forgotten or ruthlesely trodden under foot. And piled upon this burden of party wees was confirmation of the Huwalian intelligence of yesterday, which the "cuckoos" had tried so hard to discredit. That was a heavy straw for the back of the Administration camel in the House of Representatives and it is no wonder that the sympathies of many Republicans were aroused and remained active until they discovered a disposition on the part of some of the "cuckoos" to attempt to make a scapegoat of Minister Willis. Everything taken into consideration, this has been the worst Saturday that the Imto attempt to make a scapegoat of Minister Will's. Everything taken into consideration, this has been the worst Saturday that the importent Democratic majority in the House of Representatives has experienced in a long time. Whether the sage suggestion of ex-Judge Montgomery, of Kentucky, that "the Committee on Roles bring in a rule to pass the pending rule" will be approved and adopted, remains to be seen, but it is already apparent that desperate measures must be resorted to if the Hawalian resolution is to be suppressed and the House compelled to enter upon the consideration of an inchoate revenue bill. The champions of the latter measure are hopeful that a quorum will be obtained on Monday, but they have no assurance that it can be kept until the bill shall have been passed.

HOUSE PROCEEDINGS IN DETAIL. HOLL CALLS AMID GREAT DISGRDER-ARREST OF AESENT MEMBERS ORDERED.

ogton, Jan. 6.-The fourth day's sitting o with a larger attendance of members on the floor than had been seen during the three preceding lays. The Republican side, in particular, seemed leady for business, but there was evidence in the determined attitude of the Speaker and the strict ttention given to him by the Democratic members that the majority would do everything in its power to carry out the programme, which had been obstructed for the past three days, and start the rariff bill on its journey.

Immediately after the reading of yesterday's journal, Mr. Boutelle (Rep., Me.) again tried to find out what had become of his Hawaiian resolution. Mr. what had become of the provided that his resolution was a question of high privilege, whereas the special order reported from the Committee on Rules was merely "privileged question." He asserted that there was a great difference between a "question of privilege" and a "privileged question," and he read from the digest to show that the former took precedence of

Mr. Reed (Rep., Me.) interrupted Mr. Boutelle to press the hope that the Speaker would carefully eigh the difference suggested by Mr. Boutelle and old rule upon it, as it was nec derly transaction of the business of the House.

Mr. Boutelle, continuing, asserted that the resolu-

tion offered by him a few days ago was still before the House, and should be taken up each day at the point where it was left the day before. He held there was no place, in a parliamentary sense, where it could be but on the table.

Where it could be not on the above.

The Speaker retorted that the gentleman from Maine did not seem to understand the matter thoroughly. The rules provide, he said, that if any matter is called up in the House the question of consideration shall not be put to the House unless some member demands it. The resolution of the gentle an from Maine had never been before the House in the sense of being before it for consideration, be-cause when it was called up the gentleman from Tennessee (Mr. McMillin) had raised the question

MR. COUTELLE'S TILT WITH THE SPEAKER. "And that has never been decided," shouted Mr.

Boutelle, excitedly. "Will the gentleman from Maine allow the Chair to give its decision?" the Speaker nsked, sarcasti-cally. The resolution was not before the House, he sald, as the gentleman from Maine contended, but was exactly where it was when it was first called up, namely, on the table, and it would rest there up, namely, on the table, and it would rest there until it was again called up. The Speaker summed up by deciding that Mr. Catchings's resolution was before the House, when Mr. Boutelle interrupted him to express the hope that the Chair would reflect before announcing its decision.

The Speaker resented this as an aspersion upon nim, and declared angrily that any intimation that he had not fully weighed the question was a reflec-

Mr. Boutelle disclaimed any intention of reflecting upon the Speaker, but he again urged that the ques-

"The Chrir has ruled on the question," an-

mounced the Speaker, sharply.

"Then I respectfully appeal from the decision of the Chair," said Mr. Boutelle.

"The Chair wants to give the gentleman from

"The Chair wants to give the seaker, wearily,
"but it seems that every morning"
"I object to the expression 'latitude," interrupted
Mr. Boutelle, flercely, "I stand here as a reprementative of a minority and with the Speaker against

seniative of a minority and with the Speaker against me."

The Speaker thought the discussion was becoming too personal, and said that such language would not be permitted. He then ordered the call of the yeas and nays on Mr. Catchings's motion for the previous question, and amid a deafening uproar in the House the clerk began to call the roll rapidity. He had not called more than a dozen names, amid a degree of confusion so deafening that he could scarcely be heard, when Mr. Burrows (Rep., Mich.) appealed for recognition. No attention was paid to him for some time, but maily the Speaker inquired for what purpose Mr. Burrows wished recognition. Mr. Burrows replied that he roll-call could not be interrupted, and ordered the glerk to proceed.

"Rut I wish to make the point of order that there is so much disorder in the House that members cannot hear their names," shouted Mr. Barrows.

The Speaker said that the point was well taken, and while a broad smile was seen on the faces of the Republicans, the clerk again stopped the roll-call while the Speaker pounded his desk to obtain order. The call was completed and the vote was announced as being: Yeas, 167, nays, none—no quorum. Twenty-two pairs were announced.

ANOTHER FRUITLE'S ROLL CALL. Mr. Catchings moved a call of the House, which was ordered, and showed the presence of 250 mem-bers. Further proceedings under the call were then dispensed with, and the question recurred on Mr. Catchings's motion for the previous question. On the second roll-call 168 Democrats voted in the

affirmative-a gain of one. On Mr. Catchings's motion to order a call of the House the Republicans filibustered and called for the yeas and nays, which were ordered by a vote of 187 to 2.

of 167 to 2.

During the call Mr. Hull (Rep., Iowa), when the names of Mr. Gear, Mr. Hepburn, Mr. Lacey and Mr. Perkins (all of Iowa) were reached, asked that they be excused, as they were detained in Iowa on important business. The House excused the first three without objection, but when it came to excused, and objected. "Let us excuse the whole thought enough "would-be Senators" had been excused, and objected. "Let us excuse the whole lowa delegation." said one Republican, and Mr. Stone was about to withdraw his objection when Mr. Reed suggested that the Republicans had no

dection to voting to excuse Mr. Perkins. Acting the hint, Mr. Huil moved that he be excused, a this question Mr. Reed called for a division and en for tellers, saying in his dry way that a rising the was not sufficiently definite, and he thought lers should be appointed to make the vote more ruln. The motion was disagreed to by a vote of to \$1, and Mr. Reed called for the yeas and mays. The question of excusing Mr. Perkins was decided irmatively by a vote of 137 to 116. Inamediately for the announcement of the vote Mr. Reed moved adjournment. Pending this, Mr. McMillan em., Tenna asked whether there was not an unpoleted roll-call in progress when the interrupt occurred.

"WHERE ARE WE AT!" THE QUESTION. The Speaker said that there appeared to be some (which statement caused a ripple of merriment or engaged in a call for excuses.

Mr. Grosvenor (Rep., Oblo) said that on January

8 Mr. McKinley would be inatgurated, having been
re-elected Governor of Oblo by 105,000 majority; and
he thought that day would be an auspicious time
to take up the Wilson bill.

The Speaker ignored the suggestion, and put the
question on Mr. Reed's motion to adjourn, which
was lost.

question on Mr. Reed's motion to adjourn, which was lost.

Mr. Catchings (Dem., Miss.) introduced a resolution from the Committee on Rules, as follows:

'Ordered, That the Sergeant-at-Arms take into custody and bring to the bar of the House such of its members as are absent without leave of the House. This order shall continue in force beyond the adjournment of the session of to-day, and until the further order of the House. The Sergeant-at-Arms is directed to employ a sufficient number of departes to execute this order and take into custody said absentees wherever they may be found."

The previous question was ordered on the resolution, which was asreed to amid a storm of applause and cheers on the Democratic side, and at 4 o'clocit, on the motion of Mr. Catchings, the House adjourned until Monday at noon.

#### GENEROUS WITH HIS CHARGES

J. HALE SYPHER FLINGS THEM FREELY AT OFFICIALS.

REPRESENTATIVE CUMMINGS CALLS HIM A LIAR -LOOKING INTO PREMIUMS ON WARSHIPS. Washington, Jan. 6 .- "You're a har, and you know the lips of Representative Amos J. Cummings, of

New-York, at the Capitol to-day, The remark was addressed to J. Hale Sypher, a former Representative in Congress from Louisiana, was the room of the House Naval Affairs Committee. The subject before the committee was a resolution introduced in the House by Mr. Holman, of fact that more than \$1,000,000 had been paid out for premiums to contractors engaged in the building of warships; that the ships were so built as to secur thereby permitting the contractor to earn these extraordinary and unjustifiable premiums, and there fore that the Committee on Naval Affairs was in and to learn especially whether it was through he collusion of any officer of the Government that

these premiums were secured. Mr. Sypher appeared before the committee in support of the resolution. In the course of his argument he openly charged that the committee had been formed for the express purpose of alding the Huilck, of Ohlo, reminded Mr. Sypher that his accusation was a grave one, and asked if he did not know that Speaker Crisp himself appointed the committees. Mr. Sypher replied that he did, and added that Speaker Crisp was also in the "ring." "And do you mean to instruate," asked Mr. Huilck, "that I am here as a paid attorney of the contractors?" Hutick, of Ohio, reminded Mr. Sypher that his ac-

contractors?"
"I do," replied Mr. Sypher. "I think you are all paid attorneys. "And," he added, glancing around the room, "I am responsible for my utterances."
At a heter point in the discussion Mr. Cummings, the chairman of the committee, read a letter that was personally handed to him yesteriary by Charles H. Cramp, the Philadelphia shipbuilder. This letter hore the data of Santambara." been written with a view to securing his retention by Mr. Cramp in a professional way, to prevent the investigation. Mr. Sypher hotly denied that such was his purpose. He was actuated he said, by conscientious motives only, and he then proceeded again to charge that Secretary Herbert, ex-Secretary Tracy and other prominent officials of the Navy Department were in collusion with the contractors. Mr. Sypher went on to say that Mr. Cramp had answered his letter, but that a few days later he came down to Washington with Mr. Griscomb the president of the American Steamship Line, that the two invited Secretary Herbert to a luncheon, and in that way secured his friendly interest in their affairs. Mr. Sypher instanced that Mr. Cummings, the chairman of the committee, was also under the influence of the shipbuilders. It was at this point that the chairman indigmantly said that Mr. Sypher was a liar, and curtly required the attorney to confine his future ulterances to answering the questions which the committee propounded to him. This practically closed the session to-day, which will be continued again on Monday.

sion to-day, which will be continued again of Mon-day.

At yesterday's session of the committee Philip Hichborn, the chief constructor of the Navy, addressed the committee for some time re-garding the question of premiums. He ridiculat the suggestion of collusion between the naval offi-cials and the contractors, and said that such a conspiracy could only exist where it included every-body from the Secretary clear through to the mem-bers of the trial board. He explained the benefits of the premium system, and showed that in many cases the Government did not lose a dollar, inas-much as the contract price was usually far below the amount that would be paid if the contract were made on the basis of the maximum rate of speed.

A BIG PREMIUM ON THE OLYMPIA.

San Francisco, Jan. 6.—The report of the Trial Board on the speed of the new cruiser Olympia has been made out, and the calculations of the trial run in Santa Barbara Channel have resulted in a verdict of 21.655 knots, or .654 of a knot less than 1½ knots in excess of centract speed. This means a premium of \$390,609 for the builders. In every point of machinery, speed, horse power and coal consumption, plans and specifications have been beaten. It will take from seven to eight months to put the finishing touches on the Olympia so that she can be declared in condition for service.

REPRESENTATIVES TO BE ARRESTED. Washington, Jan. 6.-The adoption by the House to-day of the resolution offered by Representative Catchings, instructing the Sergeant-at-Arms to ar-rest members absent without leave, caused no little excitement in and around the hall of the House. House to extend authority under such a resolution beyond the adjournment. A scarch in the manual and digest of the House, however, disclosed the as in the Lth and LHd Congresses, and that both Speaker Carliste and Speaker Crisp had ruled that

What is the use to state the unpleasant symptoms of dyspepsia. The nutrition of the body depends upon the food. Yet the food may be right and the body not well nourished. That's only true, however, when there is impaired digestion-dyspepsia-affecting the nutritive functions, affects the general health so much. That tells why dyspepsia means other illness so often. There is a harmless relief of dyspepsja, a general tonic for the sys-

and his friends, who last Saturday obtained access

sleeping and dining-car service has been put in operation to New-Orleans, which makes travel in the Sauth as faxurious as it now is on the fast trains of the Northern ratiroads. The enterprise of the two systems has been warmly commended by ratiroad men, and travellers are showing their appreciation in liberal patronage. The Pennsylvania train leaves New-York at 1.25 a. m. the record day. The train is vestibuled and has the finest appointments, while the time made is the quickest between the two cities. Travellers to the Sauth in the winter will find this train a most attractive one. In addition to through New-Orleans cars, the train carries sleeping coaches for Asheville, N. C., Augusta, Ga., and Jacksonville and Tampa, Fla.

TO SECURE LEGALIZATION OF POOLING. ecore an amendment to the Interstate Commerce law at the present session of Congress so as to permit the re-establishment of pooling. A committee consisting of George B. Roberts, president of the Pennsylvania Ruffrend; Chauncey M. Depew, president of the New-York Central; Charles F. Mayer, president of the Baltimore and Oilo, and L. J. Seargeant, general traffic manager of the Grand Trunk, of Canada, have the work in hend, and a meeting was held recently to discuss the question. The roads have been unable to devise any satisfactory method to maintain rates to take the place of the old money pools, and until the former system can be restored the various devices adopted in their stead will not give stability to rates, in the opinion of most railway men.

Topeka, Kan., Jan. 6.—The Atenison, Topeka and Santa Fe Company is making an effort to effect a compromise with the countles in which it pays taxes, claiming that the assessment of its property taxes, claiming that the assessment of its property by the State Beard of Ratiroad Commissioners is too high. The company owns property and pays taxes in seventy of the 16s counties in the State. The county commissioners are holding meetings in each county in the State this week, and attorneys for the railroad have submitted a proposition, in which it agrees to settle its taxes at once on the basis of the assessment of 1881. The matter was called to the attention of the Attorney-General yesterday, and last night be issued an opinion in which he holds that the commissioners have no authority to make any compromise in railroad taxes, as the statute provides that railroad assessments shall be fixed by the State Board.

Boston, Jan. 6.-A Springfield dispatch says: "A statement made this morning by Rose Nesbit, whose murderer, James Alexander, is now at large, is, if true, a most star-A BOY CRUSHED TO DEATH BY HIS HORSE.

James F McClelland, fourteen years old, the son of a liveryman at No. 256 West Thirtichest, was riding with three companions in Central Park yesterday when his horse took fright and became unmanageable. After running a short distance the horse reared and fell. The boy fell under the horse then ran away, Young McClelland's companions called a park policeman, who sumanged an ambalance and had the injured youth conveyed to the Presbyterian Hospital.

Massilion, Ohlo, Jan. 6.-The city prison took fire at 425 o'clock this morning while filled with tramps who had sought lodging there. The lobby and the cells rapidly filled with smoke, and the becapants, locked securely in the relis, and whose soile hope for escape depended upon their ability to send out an alarm, velled in an agony of terror, fortunately, the central engine house is not far listant from the fall, and one of the firemen heard the cries of distress. The flames were easily ex-languished, but not until the tramps were nearly overcome by smoke.

MRS. OGLE SEEKS A DIVORCE. Chicago, Jan. 6.-Suit was begun in Judge Winder's
